From Texline to Brownsville and
from Texarkana to El Paso, the peo-
ple of Texas are tickled to death over
that \$1,623,900 fine. Yet there are
some who are afraid it is too good to
be true.

In the exposition at Brownsville the
Rio Grande country carried off the
honors in sugar cane and vegetables.
Beeville in citrus fruits and Lampasas
in vegetables. Brazos county was not
represented.

President Arnold denies that the
commercial secretaries are working to
defeat submission. Doubtless this is
true. They are only working to de-
feat state control of public service
corporations.

The Tennessee legislature enacted
statutory prohibition, the governor
vetoed it and the legislature passed
it over his veto—all within a week.
Why can't the Texas legislature do
business that way?

It is only a little more than a month
till the property tax payers of Bryan
will by a big majority give their en-
dorsement to the proposition of the
city council to issue \$75,000 in bonds
for water, light and sewers.

In the Austin staff correspondence
of the Houston Chronicle we find this:
"W. C. Davis of Brazos has made a
public declaration as being against
submission. It was the first time his
position has been publicly stated. His
district voted against submission."

Several Dallas lawyers have sugges-
ted that the Waters Pierce Oil com-
pany's fine of more than a million and
a half be used in the erection of per-
manent buildings for the state in-
stitutions, such as the State Univer-
sity, A. and M. college, the asylums,
etc.

Of one thing we may be certain;
the American people will always have
as good a government as they deserve.
If they prefer either imperialism or
socialism to be the institutions be-
queathed to them by the founders of
the government it is because they are
fools, and that cannot be helped.

After January 1, 1910, no more in-
toxicating liquors of any kind can be
lawfully manufactured in Tennessee.
This reminds the writer that he was
once the guest of a farmer in Lincoln
county who remarked in conversation
that he thanked God that he could
stand on his front piazza and see the
smokes arising from seven distilleries.
Lincoln county adopted local option
several years ago.

National Motor Boat Show.

Boston, Mass., Jan. 22.—The won-
derful progress made in the motor
boat industry during the past decade
is strikingly illustrated at the Na-
tional Motor Boat and Engine Show,
which opened in Mechanics' building
today for a week's session. Every
branch of the industry is represented
among the exhibits, which range from
the small power dory and launch of
the open variety to magnificent cruis-
ers 1125 feet in length.

All of the features of the previous
shows are retained, while a number
of novelties have been added to the
motor boat exhibit, and there are
more motor boats, more engines and
more everything else than ever be-
fore. The display of power cruisers
and large types of cabin boats is con-
spicuous. Another section is devoted
to the display of engines and boats de-
signed especially for women and in
every measure of safety has been pro-
vided.

Notice!

There are forty-six manufacturers of
sewing machines in America.

How many can you name? How
many did you ever hear of? One name
comes to the mind of every woman
immediately—The Singer—and there
is a very good reason.

The Singer company makes and
sells as many machines in each year as
all the other forty-five combined.

CATARRH CURED.

No Cure, No Pay, Is a Most Generous
Offer.

To get an antiseptic strong enough
to kill catarrh germs and not des-
troy the tissues of the membrane
at the same time, has been a problem
which was never solved until the dis-
covery of Hyomei (pronounced (Hi-
me).)

Hyomei is prepared from eucalypt-
tus, the most powerful yet healing
antiseptic known. Breathe it through
the inhaler over the inflamed and germ
ridden membranes four or five times
a day, and in a few days the germs
will disappear.

The inflamed condition will go, too,
and the snuffling, hawking and offen-
sive breath, and the discharge of mu-
cous and crusts in the nose will cease.

Then why should any catarrh suf-
ferer hesitate, when E. J. Jenkins has
such faith in Hyomei that he offers to
return your money if after a fair
trial Hyomei does not cure catarrh.

A complete Hyomei outfit, includ-
ing the inhaler, costs \$1.00, and ex-
tra bottles, if afterward needed, cost
but 50 cents. Hyomei also cures asth-
ma, croup, sore throat, coughs, colds
or grip.

MI-O-NA Cures Dyspepsia.

Your money back if it don't. Gives im-
mediate relief from heartburn, sour stom-
ach, stomach distress and sick headache.
